Dear AFI Members and Friends

What a wonderful turnout we had for last month's AGM — sincere thanks to all who supported us. And I'm sure you'll agree that Colleen Coffey's lecture on the *Powerful and Positive Side of Intercepted Signs* which followed the AGM was a real treat.

The 21st AGM of the Astrology Foundation Inc was both a time for sadness and celebration. With our long-time President Hamish Saunders, likely to remain overseas for some time, he has passed the mantle to Leo Andrietz, an AFI member of 12 years standing. Both vice-president Fern Mercier and Secretary/Treasurer Lianne Plant have also resigned due to personal and work commitments. In their place we welcome two keen new AFI members: Terry Holt steps in the vice-president's shoes and Judy Keats into the secretary/treasurer role. Deb Tov-Lev, another long-time AFI member joins the Council together with Carol Squires who retains her Editor's role.

We are also grateful to Rachel Dalley, Nicholas Tz, Christine Nuthall and Bob Crowson, who have all offered their support should it be required. We're sure it will!

With continuing background support from those who have stepped down and an enthusiastic group of astrologers who see a bright new future and direction for AFI, we give copious thanks to both past and present members of the AFI Council.

As this is the last newsletter of the year, it is a time for "thank you" — to our members for their support, to our wonderful lecturers who give so generously of their knowledge and time, and to Kate and staff at the Grey Lynn Community Centre.

November 2005 Newsletter

AFI Sunday Evening Lecture

Grey Lynn Community Centre

Sunday, 6th November 7.30pm - 9.00pm

David Ingram : *Saturn's Responsibility to Pluto and their role in the Zodiac/House Relationship*

David Ingram's entry into horoscopic matters was provoked by Garth Carpenter in 1973. His apprenticeship began with a five month bicycle tour of England in 1976, doing charts "for cash or food and lodging", during which his primary interest developed in parent/child relationships. The primary influences in his approach have come, sequentially, from Charles Carter, Carl Jung, Alan Oken, Mary Vohryzek, Liz Greene, Reinhold Ebertin, and now, again, and increasingly, Carl Jung.

For tonight's topic, David will endeavour to expand on Saturn's Responsibility to Pluto and their role in the Zodiac/House Relationship. He would like all those attending to give some personal thought to these matters, particularly what has been going on in the world/their lives since the last Saturn/Pluto conjunction in November 1982, and the consequent opposition in August thru' November 2001.

We look forward to meeting and welcoming David to our AFI meeting tonight.
