March 2006 Newsletter

Dear AFI Members and Friends

We would like to thank all those who took the time to complete the recent questionnaire.

The highlight has been the new AFI website — members are impressed with the result and there has been lots of interest in advertising (see more details below). There was a positive and encouraging response to the service we are providing. Suggestions for the coming year included Away Weekends and workshops. Our monthly meeting venue is set to stay as it is.

A suggestion was put forward to find a screen projector that connects to a computer so as to improve the quality of our presentations. Can anyone help? Contact Judy judy@li-lo.co.nz if you can.

Astrological Services advertising

For those members who provide astrological services and/or products you are invited to advertise these in the 'Astrology Services' page of the AFI website. This service is available exclusively to those who hold full membership of AFI. A small charge of \$25 per annum will be made to help offset our ongoing website charges. Adverts to be approx 50 words; include your contact details and a photo. Please send all adverts and enquiries to Terry Holt, email heltel@value.net.nz

Colleen Coffey: *In the Lap of the Goddesses*

Twenty years ago the asteroids, especially Ceres, Pallas, Vesta and Juno came into focus and were celebrated when Demetra George published her book "Asteroid Goddesses". What has happened to the goddesses since then? Do they still have value in an astrological climate that is returning more and more to the ancient wisdom?

In her talk, Colleen will look at the subtle influence the Asteroids have on the individual and how they can strengthen the main themes of the natal chart.

Lunar Phase Personalities

Class with Colleen

NMS

Class run in a workshop format over two Sundays:

12th March and 9th April 2006

This class/workshop will look at the New Moon before birth, and track the Moon's journey and the changing traits within the personality as the Sun and Moon move through the eight phases between one conjunction and the next.

Charts and handouts provided. This is a class of ideas and participation. Suitable for all levels.

Venue: 119 Queen Street, Northcote Point

10 am - 4 pm. \$60 per day.

Booking essential.
