October 2007 Newsletter

Dear AFI Members and Friends,
Many thanks to Hamish for his useful and informative talks on Janus last month. I think we all came away impressed with the countless perfections in the new version of the software. A great start to the Saturn in Virgo era, with all that detail, and how to make it work. And Saturn in Virgo appears to have wasted no time in turning our attention to health and environmental issues—a subject that our guest speaker Fern Mercier will be talking on next Sunday. Hope you can join us!

AFI Sunday Evening Lecture

Sunday 7th October
AGM (6.30pm)
Fern Mercier

Saturn into Virgo-
Where we harvest what we've sown.

Fern Mercier expects the focus during Saturn's transit into Virgo to be on our work habits, our relationship to technology and the environment, as well as how we look after our planetary and personal health.

The Changing Ages of Pluto

When Pluto, the ultimate generation definer, changes sign we are put on notice that there will be change. Change that often has far reaching consequences.

As we await Pluto's ingress into Capricorn, it is opportune to look back at the changes Pluto has spawned, and generations it has created. And how is this next "age" likely of effect us collectively and individually?
